

Pyramid Hill Sculpture Park & Museum

## **Holiday Lights on the Hill Call for Artists**

Pyramid Hill's annual holiday light show is looking for artists or groups to help brighten up the winter with an original site-specific light installation projects. Installations will be exposed to the weather for the entire duration of the light show. Please keep in mind that materials will need to resist rain, wind, snow, and ice for an extended duration. Pyramid Hill has limited electricity throughout the park; Artists will have to take receptacle locations and power loads into account. Selected proposals will be accepted for a specific location in the park. Artists and Pyramid Hill staff will work together to determine placement of the work. Feel free to get creative; previous installation art has included yarn, painted wood, projections and/or other materials. Pieces that are most successful will be ones that can be appreciated best at a distance of 20-100 feet away, as our light show is most often viewed from vehicles.

To apply, please submit via email to [mmeikle@pyramidhill.org](mailto:mmeikle@pyramidhill.org)

- A description of your proposed project
- Pictures and description of previous work
- A brief description of who you are and what makes your idea special.
- What materials would be needed

Application Deadline: July 26

Light show schedule:

- Installation can be started no earlier than October 15
- Installation Completed by November 3
- Artist in Attendance for Preview Night hosted on November 15
